

Brusher AIR BRUSH COMPACT, a combination of brushes and air-blades

Reference: RF0073

The AIR BRUSH COMPACT is a small and efficient cleaning machine easily applicable to any machine when one or more traditional brushes don't clean effectively the fabric.

This machine has been planned to be a combination of brushes and air-blades, which allow the simultaneous removal of all the process scraps and dust inside the fabric.

Two sets of brushes and air-blades, act at the same time on the front and the back of the fabric.
