

Endress+Hauser Flussimetro elettromagnetico

Reference: RF00828

Endress+Hauser

modello Promag 33 + Priomag A

Endress+Hauser

model Promag 33 + Promag A

Electromagnetic Flow Measuring System

- Wide choice of materials for process connections and measuring tube linings, compatible to the fluid
- Transmitter housing and display can be rotated to fit the orientation Operational Security
- High electromagnetic compatibility (EMC)
- High operating integrity through self-monitoring with alarm function
